

# The Story of 4 North

4.21.2023

## A Name Has Been Chosen! Roger that!

This week, the children came up with name ideas for our airport. There was a variety of name choices, including New York City Airport and Princess Airport. Each child took a turn voting on their favorite choice. The choice with the most votes, 9 votes to be exact, was The 4 North Airport! We are excited to have you take flight with us on May 9th and see all of their hard work!

As we continue to construct our airport and figure out what is left to create, we made a list of all of the airport jobs the children could choose from for the day of our exhibit. The jobs include pilot/copilot, flight attendant, air traffic controller, security officer, ticket agent, customs officer, and passenger assistant.

## Thank you, Planet Earth!

As Earth Day approaches, the children remember ways that they can help protect our planet. They drew their ideas in their journals and expressed ways in which they can help. "Save leftovers so it doesn't go in the trash." "Throw plastic in the recycling bin." "Do not cut down so many trees." "Do not throw trash in the ocean." "Don't waste any water and make sure you turn the water off after you wash your hands." "By using both sides of the paper." "Protect the trees." "By growing some plants and trees and don't cut the trees down." "By keeping the lights off when you're going somewhere long." "You can save the earth by turning off the lights. Shut the water when you are done washing your hands. By picking up trash from the earth." "Don't kill animals." "By turning off the lights when you are sleeping." "You can plant apple trees and also pour water on the plants and flowers so they can grow." "Save trash to make something else." "Close the refrigerator. Turn off the lights. Don't waste food." "Save paper bags." "Save your toys. If they're broken, fix them and don't toss them away. Save boxes for art projects." "Plant food." "Turn off the lights so it saves energy. Turn off the faucet." "Grow gardens." "Turn off the lights when you leave the room."

### Classroom Notes and Reminders

- Conferences 4/27-4/28 (no school for children)
- Airport Exhibit 5/9 at 9:15am
- Intrepid Field trip 5/12
